

Neil Opena

Enthusiastic and inquisitive computer science student skilled in problem solving and communication with the ability to foster good working relationships. Seeking to leverage skills at communication and development while looking to grow as an intern at your company.

Projects

Personal Website *Jun 2017 – Jul 2017*

<http://neil-opena.com>

- Created a personal portfolio website using HTML, CSS and JavaScript as a summer project. Used multiple online resources to learn front-end development and basic design principles.
- Built using several API's and plugins including the Google Maps API, while also using Git as the primary source control management.

UNO Java Game *May 2017 – Apr 2017*

- Extracurricular project for CSE 114 (Computer Science I). It involved playing a continuous game of UNO with the computer until a winner was declared.
- Used Eclipse as the primary IDE to develop the project. Learned JavaFX independently to create the Graphical User Interface

Education
